MODERN DAY SLAVERY POLICY STATEMENT

Modern slavery is a crime and a violation of fundamental human rights. It takes various forms, such as slavery, forced and compulsory labour and human trafficking, all of which have in common the deprivation of a person's liberty by another order to exploit them for personal or financial gain.

EV/Solar Connections UK Ltd have a zero-tolerance approach to modern day slavery, and we are committed to acting ethically and with integrity in all our business dealings and relationships. 

We operate internal policies to ensure that we are conducting business in a n ethical and transparent manner. These include —

- o All employees are assessed for their right to work in the UK
- o Workplace equality policies and practises are in place, promoted and implemented
- o Whistleblowing policy - actively encourage our employees to confidentially report any concerns

We will assess any instances of non-compliance on a case by case basis and will then tailor action appropriately.

We only trade and carry out services with companies and suppliers that comfortably demonstrate their compliance and commitment to the Modern Slavery Act 2015.
